Report of the Board of Education.

SEABROOK, N. H., March 1, 1902.

Length of school year thirty-six weeks. The record of class work this year shows a marked progression, which is due to the faithful labor of the teachers, and the close adaptation of the scholars to their studies. During the winter term, the State Board of Health notified the local board, to comply with the requirements of the law in regard to the vaccination of school children. The section reads as follows: Chapter 93, Public Statutes of New Hampshire. Section 2. No child shall attend any public, parochial or private school unless he has been vaccinated, or has had the small-pox, and this section shall be enforced by the Board of Health. The non attendance during the winter was mostly due to the enforcement of the aforesaid law. Vocal music was introduced this year and the scholars under the tuition of their music teacher—Mrs. Charles F. Robinson of Amesbury Mass.—attained a marked proficiency in the art.
